The shag is a partner dance of style & grace native to the Carolinas and is similar to west coast swing; however, the music that we dance to is classic upbeat rhythm & blues, much of which is also native to the Carolinas. Junior SOS is an annual family event held at North Myrtle Beach that provides an opportunity for those under 21 to enjoy learning and practicing the dance of the Carolinas in the legendary clubs where it is perpetuated. It also serves to increase interest in shag dancing and thus protect our local culture by getting new young people and their parents involved. This year Junior SOS will be held from July 19-21st. For more information on Junior SOS and the Junior Shaggers check out their website at www.juniorshaggers.com
